

Course code: 94107

ESG Reporting highlights on the Environmental Aspects in accordance with HKEx ESG Code and GRI Standard

Face to face

Cantonese supplemented with English materials

Course level: Intermediate

About the Course

This course offers basic training for corporate sustainability practitioners – whether new to or have some experience in ESG/sustainability disclosure – on the environmental reporting requirements of the HKEx ESG Reporting Guide

Course contents

- Overview of ESG reporting and ratings landscape
- Introduction to the HKEx ESG Reporting Guide
- The specifics of the environmental aspects of the HKEx ESG Reporting Guide – Analysis of environmental KPIs, metrics, and disclosures. Includes case studies demonstrating how to design and implement an effective environmental reporting system
- Data Management & Verification: Best practices for establishing data collection and verification processes
- Ethical Reporting Practices: Ensuring integrity, transparency, and accountability in ESG disclosures
- Group discussion

About the speaker

The trainer brings over 20 years of sustainability and ESG expertise spanning corporate strategy, governance, standard-setting, communications, finance, and program/project management. His career includes 10 years in the real estate sector and 13 years working with multinational corporations, governments, and NGOs across over 10 countries in both emerging and developed markets.

If you do not wish to receive any further promotional materials from BEC, please send an email to unsubscribe@bec.org.hk
8. Information provided will be kept strictly confidential and will not be sold, reused, rented, loaned, or otherwise disclosed to third parties.

About Business Environment Council Limited 商界環保協會有限公司

Business Environment Council Limited (“BEC”) is an independent, non-profit membership organisation, established by the business sector in Hong Kong. BEC is also a tax-exempt charitable organisation under Section 88 of the Inland Revenue Ordinance (Cap 112). Since its establishment in 1992, BEC has been at the forefront of promoting environmental excellence through policy advocacy and driving the uptake of clean technologies and practices which reduce waste, conserve resources, prevent pollution and enhance corporate environmental and social responsibility. BEC offers sustainable solutions and professional services covering advisory, research, assessment, training and award programmes for government, business and the community, thus enabling environmental protection and contributing to the transition to a net-zero economy.

About BEC Institute of Environmental Education

BEC Institute of Environmental Education (“BEC IEE”), a division of BEC, provides a platform for business managers and decision makers, to advance their knowledge and develop the expertise necessary for environmental decision-making. BEC IEE also facilitates professional development by promoting quality environmental education through various environmental education programmes.
