To Be Invested In
Sustainable Urban
Infrastructure Projects
In Hong Kong

URBAN INFRASTRUCTURE

2 MARCH 2012

INTERCONTINENTAL GRAND
STANFORD HOTEL
HONG KONG

List of Projects:

- West Kowloon Cultural District
- Kai Tak Development
- Kai Tak Cruise Terminal
- East Kowloon Office Redevelopment
- East Kowloon Transportation Infrastructure Projects
- MTR Project Update

Coming on the back of the highly successful Urban Infrastructure 2010 Conference, the 2012 Urban Infrastructure Conference (Hong Kong) looks at the various infrastructure plans under development in the context of the Hong Kong Governments commitment to environmentally conscious development.

With an emphasis on sustainability this conference will provide detailed information on the government initiatives and examine them from an environmental investment, financing, urban planning, design, green building and Construction perspective as well as offering expert analysis on issues and options available when undertaking large urban projects.

WHY YOU SHOULD ATTEND?

The Urban Infrastructure Conference is an ideal opportunity to obtain the latest information on major projects from an investment, planning, design and construction perspective.

A leading panel of industry leaders will deliver high level presentations and expert analysis on project financing, partnering options and contractual and legal issues.

This conference is a unique opportunity for anyone involved in the lifecycle of large scale infrastructure and urban development projects to not only learn about the latest developments, but also network with government representatives, financiers, major infrastructure corporations, developers, urban planners, architects, consultants and contractors involved in these exciting projects.

URBAN INFRASTRUCTURE

12

WHO SHOULD ATTEND?

Airport Authorities	Fund Managers
