

# Highlights of BEC EnviroSeries Conference

## The Greater Bay Area – Leveraging Opportunities for Hong Kong in the Transition towards Sustainability

23 May 2018

Business Environment Council (BEC) held its flagship [EnviroSeries Conference on 23 May 2018](#), focusing on business opportunities that will arise from the green transition of the Greater Bay Area (GBA). The post-conference report summarising the presentations and discussions from our panel of expert speakers is [available here](#).

The key recommendations emerged from the conference, for Hong Kong’s businesses, government, and NGOs are highlighted below:

Enhance knowledge and understanding of regional environmental trends

Be agile and positive about changes to ensure companies don't fall behind

Think broadly and boldly beyond Hong Kong’s traditional strengths and focuses

Share and collaborate piloting projects to leverage regional and international opportunities

Focus on areas to add value on or take the lead within the GBA to get a “seat at the table” in terms of regional policy making

**About Business Environment Council Limited 商界環保協會有限公司**

Business Environment Council Limited ("BEC") is an independent, charitable membership organisation, established by the business sector in Hong Kong. Since its establishment in 1992, BEC has been at the forefront of promoting environmental excellence by advocating the uptake of clean technologies and practices which reduce waste, conserve resources, prevent pollution and improve corporate environmental and social responsibility. BEC offers sustainable solutions and professional services covering advisory, research, assessment, training and award programs for government, business and the community, thus enabling environmental protection and contributing to the transition to a low carbon economy.
